SHON DECAMP

Senior Product Manager | Product Leadership | Strategy and Discovery | AI-Enabled Product Work
307-679-3211 | shondecamp@gmail.com | linkedin.com/in/shondecamp | shondecamp.com | Fully Remote (US)

PROFESSIONAL SUMMARY

Product leader with 10 years across product management, UX, business analysis and enterprise sales in enterprise SaaS, GovTech, e-commerce and accessibility platforms. Leads a team of 7 product managers and partners with executives several times a week on strategy, discovery and prioritization. Finds demand in customer data, often with AI, then ships focused releases and measures the result. MBA. Strongest in cross-functional program leadership.

SELECTED CAREER HIGHLIGHTS

- **Data-driven launch:** Found hidden referral demand in call center transcripts and sharing-link data, then launched a consumer referral flow at Melaleuca that lifted referrals and new enrollments, with guardrails and a dashboard to measure it.
- **Growth and retention:** Grew Melaleuca monthly new enrollments 10% and lifted member retention from 96.89% to 96.97%. Now lead a team of 7 product managers.
- **Reliability at scale:** Re-architected Sorenson's interpreter scheduling platform, cutting average monthly downtime from 9.7 hours to 13 minutes.
- **Program leadership:** Founded Accela's company-wide design system program, aligning product, design and engineering groups and achieving WCAG AA compliance.
- **Practical AI:** Built AI agents that mine call center data for product opportunities, draft requirements, check dev tickets against requirements, build test and release plans, and automate UAT by turning bug reports in team messages into non-duplicate, prioritization-ready issues.

CORE COMPETENCIES

Product strategy and vision | Roadmap prioritization | Executive stakeholder alignment | Leading and mentoring PMs | Customer discovery and research | Jobs-to-Be-Done | Journey mapping | Metrics-driven decision making | Requirements and project charters | Cross-functional program leadership | Design systems | Accessibility (WCAG AA) | Azure DevOps | Figma | PowerBI | Claude, ChatGPT, Codex

PROFESSIONAL EXPERIENCE

Melaleuca: The Wellness Company June 2025 - Present
Senior Digital Product Manager

- Own the Marketing Executive Experience: the GROW app, Business Center website, digital customer agreements (Member, Marketing Executive and International Sponsorship Agreements) and the first-time customer e-commerce experience, serving both everyday customers and independent business-builders.
- Lead and coach a team of 7 product managers, from junior PMs (analysis, discovery, planning, metrics, product judgment) to mid-level PMs (product strategy, executive interaction, outcome focus, leadership); personally lead analysts, developers, QA, designers and UX through the SDLC to release.
- Partner with executives multiple times a week on strategy, priorities and discovery; facilitate journey mapping, Jobs-to-Be-Done, strategy and brainstorming sessions with senior leadership.
- Launched Refer-a-Friend after finding that customers wanted to refer friends but could not find the existing tool. Chose it over two competing initiatives on enrollment impact and engineering ROI, scoped a lean v1, and guarded against cannibalization and gaming. Defined success metrics up front and tracked them in a PowerBI dashboard I scoped.
- Turn research and data analysis into project charters and requirements, secure stakeholder buy-in, and report outcomes to executives. Monthly new enrollments up 10%; member retention from 96.89% to 96.97%.

BaDe Services LLC June 2024 - Present
Owner and AutoCAD Drafter

- Run an AutoCAD drafting service producing urgent plans for the construction and fire alarm industries.

Accela February 2023 - June 2024

Program Manager

- Founded and launched the company-wide design system program as program manager, product manager, lead designer and researcher, increasing developer velocity and achieving WCAG AA compliance.
- Aligned 3 groups (Product Management, Design and Engineering) around shared standards and delivery goals across the GovTech product portfolio.

Accela January 2020 - June 2024

Senior Product Designer

- Led redesigns of GovTech permitting, inspection and administration features that raised CSAT 7% overall.
- Inspection Checklists (live Accela Mobile app): active users up 20% and CSAT up 10% after testing many concepts with field inspectors. Inspection Groups: System Usability Score up 12%.
- Designed cross-platform experiences for building inspectors, back-office staff and IT administrators at local governments.

Sorenson Communications August 2018 - January 2020

Product Manager

- Owned the internal platform that schedules video interpreters, combining demand forecasting, labor-law constraints and business goals.
- Led its re-architecture, cutting average monthly downtime from 9.7 hours to 13 minutes and filling more prime scheduling slots.
- Designed consumer and business experiences for the live ntouch and CaptionCall Mobile apps, FCC-regulated products for Deaf and hard-of-hearing users.

Sorenson Communications January 2018 - August 2018

Product Strategist

- Led research, discovery and strategy for InteractiveCare, a 0-to-1 healthcare initiative, as the only UX resource: Jobs-to-Be-Done job maps, ride-alongs with home health nurses, surveys, a business model canvas and prototype tests with about two dozen nurses.

Centeva November 2016 - January 2018

UX Designer

- Redesigned legacy federal government systems, reducing NCI contract approval times 12%.

DAKCS Software Systems June 2014 - November 2016

Business Analyst and Senior Account Executive

- Analyzed collections customers' operational and financial processes to find unnecessary costs and ROI opportunities.
- Sold software directly to collection agencies and migrated them to modernized platforms.

PDCflow June 2014 - March 2015

e-Business Specialist

- Led a cross-functional team of support staff, partner sales and analysts promoting payment software through partnerships, and built developer relationships to integrate the digital signature product into partner UIs.

EDUCATION

Master of Business Administration (MBA) | Utah State University | 2025

Bachelor's degree, Selling Skills and Sales Operations | Weber State University | 2014
